

The rates and TOU periods vary by utility, but generally, the rates are lowest overnight, allowing drivers enough time to charge their EVs while they are at home. These “off-peak” rates allow EV drivers to fuel their vehicle for less than the equivalent cost of gasoline.

Bear Valley Electric Service Rates:

BVES:TOU EV-1 Rate (Accessed January 16, 2020)			
Residential			
EV only			Summer: May 1 to October 31
